

# DETOP GREEN 迪冠冷凝系列

## 产品特点 Product Feature

- 智能注水功能，高级自诊断功能，卫生热水预热功能；  
Intelligent injection function, self-diagnosed function, hot water preheating function;
- 宽大的数字液晶显示屏，显示锅炉工作状态信息；  
The working condition can be shown on the wide LCD digital display;
- 二次冷凝热效率高达104%；  
The thermal efficiency can up to 104% after the second condensation;
- IPX5D电气保护等级。  
IPX5D electric protection level.

## 产品参数 Product Parameters

| 锅炉型号<br>Boilers type | 输入/输出功率<br>Input/output power<br>kW | 卫生热水温度范围<br>Hot water temperature range<br>°C | 卫生热水产出率<br>Hot water efficiency<br>$\Delta t=30^{\circ}\text{C}$ ( L/min ) | 外观尺寸<br>Devices sized<br>( H×L×P ) mm | 重量<br>Weight<br>kg |
|----------------------|-------------------------------------|---|--|---------------------------------------|--------------------|
| DETOP G 26 CJZ       | 26-27.0                             | 30-60   | 12.3   | 760×430×330                           | 39                 |
| DETOP G 30 CJZ       | 30-31.1                             | 30-60   | 14.1   | 760×450×330                           | 43                 |
| DETOP G 35 CJZ       | 35-36.4                             | 30-60   | 16.5   | 800×500×330                           | 45                 |
| DETOP G 35 SJ        | 35-36.4                             | --  | --   | 800×500×330                           | 43                 |
